Personal Info:  
Born in 01/20/1960, married

## OBJECTIVE:

Contribute to the development of the Brazilian Soccer School.  
Qualifying the Brazilian game; this is the hallmark of my work!

## PERSONAL PROFILE

I've always been in love with the colors and design of a soccer field, and I've never seen myself working in any area other than soccer.

The fun in the street, unique and favorite in my childhood and adolescence, was playing ball. For fifteen years, that's what I did, chasing the dream of becoming a soccer player. At the age of 23, I was already a coach in training programs, and have been in the field professionally since then.

The achievements are unforgettable marks in our lives. Therefore, the Sao Paulo Cup (1996) by America Mineiro, The Brazil Cup (2000) with Cruzeiro and the Brazilian "D" Series Title (2011) with the Tupi Minas Gerais are some of those that keep coming to mind, causing unparalleled pleasure. The hunger for victory continues unshakable. Years have passed and the love for soccer and eagerness for achievements remain, stronger and stronger.

Interest in new working methods that promote game development is an ongoing challenge in my sporting career.
